

PROJECT - Fantasy stories

The school librarians want to open a **language study area** where students will be able to read foreign language magazines and books. Your job is to help them decorate this area. You will prepare **posters about fantasy fiction**. The best ones will be used in the library.

You will work in groups of 4 or 5 pupils. You will **choose** a fantasy story and **present** it (protagonist – antagonist – plot – climax). You will not reveal the resolution as your goal is to make people want to read the story.

Be **creative!** Your poster must be attractive, detailed and interactive: you can present your data as you wish – texts on your posters, use of QR codes to give access to additional information, pictures, drawings...

The deadline for handing back your work is **THURSDAY, FEBRUARY 2nd**

Evaluation grid

➤ The poster /2

- Overall design (presentation, colours, topic)- /2

➤ The information /9

- Complete and precise - /3
- Relevant - /2
- Accuracy : - vocabulary - /2
- grammar - /2

➤ Interactive data /7

- QR codes or similar devices - /1
- Complete and precise - /2
- Use of various media (texts- videos – pictures ...) - /2
- Interactive test - /2

➤ Other criteria /2

- Work finished on time - /1
- Teamwork/Cooperation - /1
